#### NEWS OF THE DAY

Official announcement of blanket wage increases to navy yard employees, including Washington, was made yesterday by the Navy Department. The increases average more than 40 cents a day in the skilled trades, while in some cases the lower ratings receive 30 cents a day increase.

It is very probable that the Committee on Privileges and Elections will conduct an inquiry into the charges of disloyalty brought against Senator Robert M. La Follette. A decision is expected today. It was said yesterday that Senator La Follette will reply for the first time today on the floor of the Senate to the accusations made against him. Up to this time he has kept silent.

Overcoming all parliamentary obstacles, and after a wrangle lasting two weeks, the House yesterday started an investigation of charges made by J. Thomas Heflin, Representative from Alabama, implicating Congressmen in the Denno staff \$50,000 slush fund revelation by the State Department. Two resolutions were introduced, and one was present.

An anthracite coal famine threatens the National Capital, according to retail dealers who say that unless a big supply can be obtained within the next few weeks much shivering hereabouts will be the result. Inadequate transportation facilities, due to preference being given to government war needs, are the cause of the shortage, dealers say.

Evidence of a new I. W. W. plot to overthrow the government of the United States, which may result in the immediate internment of 200,000 members of the organization, was yesterday placed in the hands of Federal officials in Chicago. The spirit of

the Russian revolution was to be the agency and its carrying out was to be left to Russian aliens in America. Direct connection between the uprising in Russia and the activities of I. W. W.'s in America had undoubtedly been established. It was also learned that plans for a nationwide strike of garment workers, that is expected to tie up the entire garment industry of the country and cut off the supply of military uniforms for the government, were completed Wednesday night at I. W. W. headquarters.

The United States will prevent South America supplies from reaching neutrals bordering on Germany. This will be done through the United States' control of coal for the ships in this trade. The Exports Administrative Board yesterday issued an order refusing coal to all vessels bound for the border of neutrals whether they are American vessels or not and whether or not their cargoes originate in the United States. The last link in the economic chain which the United States is casting about Germany is thus forged. There is now no possible source from which the neutrals can get supplies unless approved by the United States.

One man was killed and another fatally hurt when their airplane fell 800 feet at the Celina aviation field at Celina, Ohio, late Wednesday. Fred Hellan, of San Francisco, is dead, and James Dostal, Toronto, Ont., is injured. The two were giving an exhibition flight.

NOW IN PROGRESS OUR  
57TH  
ANNIVERSARY SALE

This sale surpasses all other sales of this kind for value-giving. The reason for this is that manufacturers, jobbers and wholesale merchants have co-operated, more than ever before, with us to make this the biggest "value carnival" of the season. Then too, we have been continually on the market and placing contracts, some of which dating back to last year. Only last week were the last of these contracts completely filled.

For these facts you can understand better what is offered in this remarkable sale. In many cases the merchandise we offer can not be duplicated. Think what it means to buy here.

When you come to town remember Lansdunge & Bros. is where you can save money.
